COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

Voters at town meeting made no changes in the recommendations of the Budget Committee. Local costs for 1973, excluding school costs, will be \$1862 higher than 1972.

\$51,500 was appropriated from the Federal Revenue Sharing Fund to pay debts, purchase fire equipment and to subsidize road and dump accounts. \$30,000 was again appropriated from surplus.

Bids are being requested for a new pickup truck for the highway department.

We are still receiving inquiries as to what the position of Sewage Disposal Systems Operator entails. To date, six people have submitted applications. Others have indicated they will apply prior to the March 12 deadline.

Grant Funds for the Sewage System have been very slow in coming. The Federal Funds are not being sent the way we were told to expect. Our project was funded in 1972 so the cutbacks recently announced do not affect the money we are to receive.

HEATED AND OPEN YEAR ROUND

S. A. D. 44 DIRECTORS ORGANIZE FOR YEAR AT TUESDAY MEETING

The board of directors of S. A. D. 44 met in regular session in the Lecture Hall at Telstar Regional High School on Tuesday evening. As this was the first meeting following the annual elections, members elected (or re-elected) received their oath of office.

Members re-elected were: Leon Akers, Andover; John K. Brown, Clarence Remington, Bethel; and M. Parker Allen of Woodstock. Members elected this year were John C. Anderson of Bethel and Gilbert Dunham of Greenwood. Mr. Anderson was not present Tuesday evening to be sworn in, because he failed to receive notification of his election to the panel. He received his oath of office on Wednesday at the office of the superintendent of schools, Basil E. Kinney.

Mr. Kinney opened the meeting and called for nominations for chairman for the coming year. A unanimous vote elected John K. Brown of Bethel as chairman. Mr. Brown was chairman of the board in 1971, and served as vice chairman in 1970 and last year.

The chairman then asked for nominations for vice chairman. Miss Margaret J. Tibbetts was the unanimous choice for the position. Elected to the board from Bethel in 1972, she served on the personnel and curriculum committees, and is co-ordinator of voluntary services.

The directors sanctioned the use of district buses by the Junior High Student Council for a trip to Fenway Park, Boston, on Sunday, June 3. Peter Brown, Jr. High Student Council advisor, said the Council would be responsible for the gas and oil consumed on the trip.

The chairman appointed Parker Allen, Milton Mills, Woodstock; and Leon Akers, Andover, to serve

HISTORICAL SOCIETY MET LAST THURSDAY

Members of the Bethel Historical Society enjoyed a social meeting preceded by business last Thursday, March 1.

Much merriment attended the appearance of several members in various old fashioned clothes. Ted Grover made his entrance bearing an impressive musket, which was made in 1813, the same year Dr. Moses Mason started building his house, which will become the home and museum of the Bethel Historical Society this summer.

The Carroll Valentines were formally garbed in old time evening attire, and in great contrast, Mrs. Marguerite Quinn, was modelling old time tucked and embroidered "unmentionables". Mrs. Floribel Haines had an early sailor collared black bathing suit, sold by John Wannamaker of Philadelphia, Pa., and as covered up as modern versions are uncovered!

Vice President Barbara Merrill was very attractively costumed in

DOLLARS FOR SCHOLARS VARIETY SHOW MARCH 23-24 AT TELSTAR AUDITORIUM

"This Land is Your Land—America" is the theme for a great variety show to be presented at Telstar Auditorium March 23 and 24 at 8 p. m. The two hour show promises a variety of acts slanted for every age level.

For the best in square dancing, you can tap along with the "Swing- ing Bears". If comedy is what you desire, the Shrine Clowns and Jolly Jesters will be at their best. Sing- ing? There's plenty of it . . . and all different types . . . Folk singing to a generous chorus performance . . . if country music is all YOU want to listen to, the variety show has some of that, also. Comedy, song, dance routines . . . you name it and you'll see it.

Advance tickets will be available throughout S. A. D. 44 at popular locales for your convenience, to benefit Dollars for Scholars, a most worthy fund.

In case you have any questions about the upcoming show full of many surprises, the following make up committees: chairman, Eldon Greenleaf; show director, Dana Douglass; chorus directors, Nesta Littlefield and Doris Lord, stage director, Joseph Smallwood; tickets, Anne Rosenberg; publicity, Sandra Dunham

BETHEL VOTERS ELECT OFFICERS — APPROPRIATE \$226,393 ON MONDAY

Two hundred and seventy-seven out of 1,576 eligible voters, about 17 1/2%, cast ballots in the annual Bethel municipal election on Monday of this week at the fire station. Less than 50 attended the business portion of town meeting at the Telstar Auditorium in the evening.

In the daytime voting, Bradley R. Barker, received 234 votes for the two year term as selectman, followed by Dana Bean with 25 votes and S. Ross Timberlake with 10. For the two year vacancy on the board of assessors, Barker received 234 votes, Bean 24 and Timberlake 12.

In the contest for the one year term on the S. A. D. 44 board of directors John C. Anderson received 221 votes, and Brian Stowell, 50.

Running unopposed for re-election as selectman for three years, Samuel Timberlake received 262 votes; and as assessor 261 votes. As unopposed candidates for re-election as members of the S. A. D. 44 board of directors for three years, John K. Brown received 245 votes, and Clarence Remington 235. Fire Ward Robert L. Davis received 268 votes in his unopposed bid for re-election.

In the evening session at Telstar, the small turn-out of voters approved a total of \$226,393 for municipal expenditures in calendar year 1973. This amount is reduced by an amount of \$30,000 to be taken from surplus, and \$51,500 from Federal Revenue Sharing, leaving a net amount of \$144,893. To this must be added a calendar year 1973 assessment of \$358,621.60 for S. A. D. 44 for a total of \$503,514.63.

The recommendations of the budget committee were followed by the voters. An attempt to reduce the amount for Shade Trees to \$1,000 was defeated and the recommended amount of \$2,000 was approved. A question was also raised concerning the enforcement of the local dog ordinance by the police officer.

An amount of \$500 was approved for the support of a Junior Base-rail program; and \$3,300 for Dry Hydrants and Air Packs for the Fire Department. Either because no funds were requested or no recommendations for funds were forthcoming from the budget committee, the \$5,000.00 for Skating Rink, Airport and Chamber of Commerce accounts received no appropriation this year.

The voters discontinued the practice of offering a discount on taxes paid in full before Sept. 1.

The voters accepted a gift of \$900 from the Trustees of Gould Academy to be applied to the Hydrant Rental account.

Dexter M. Stowell served as moderator of the two hour session.

In a meeting following the annual business session, Leland Brown was elected as chairman of the board of selectmen assessors for the ensuing

WEEK IN OXFORD CO.

Voters of Woodstock considered a 57 article warrant at the Monday town meeting with heated discussions. First Selectman Claude Cushman was defeated in his bid for a 27th year in office by Phillip Farrington. Richard Felt was unopposed as second selectman. Larry Whitman will serve as third selectman.

At the West Paris town meeting Arthur Dean and Mrs. Mary Emery were named to the S. A. D. 17 board of directors after 13 persons had declined nomination.

5,000 DEED TRANSFERS IN EASTERN PART OF COUNTY DURING PAST TWO YEARS

With so much being written about all the property along the coast being sold to non-residents, Olive B. Moore, Oxford County Register of Deeds (Eastern District) of South Paris, thought there might be interest in knowing a little of what is happening in the eastern part of Oxford County.

This district is very small in comparison to the entire state, however, in the last two years there have been nearly 5,000 transfers of property and a large number of these have gone to people from another state.

Oxford County (Eastern District) Registry of Deeds consists of 24 towns, three plantations and nine unorganized townships. All of these are small towns with the exception of Rumford and Mexico, yet the smaller towns consistently have more transfers of property. The changes month to month and year to year have proven very interesting.

In 1971 the town of Oxford led with 215 transfers of title, Norway was next with 193, followed by Paris having 191, Rumford 182, Dixfield 155, Peru 111, Mexico 101, Waterford 95, Bethel 93, and Woodstock 81.

The first ten in 1972 were Norway 231, Rumford 227, Oxford 219, Paris 195, Mexico 166, Bethel 159, Dixfield 137, Peru 119, Greenwood 113, and Woodstock 103.

Oxford with a population of approximately 1800 seems to be the fastest growing town. This is borne out by the fact that a great number of these transfers are for land only and that leads to the assumption that someone is going to build a new house.

In Rumford with a population of around 20,000 the transfers are mostly transferring title of a house already built to another owner. This can usually be interpreted to be a shifting of population from one part of town to another, not necessarily any increase in the overall population.

The town of Woodstock that remained tenth on the list for these two years has only a population of around 1,000.

NATIONAL FORESTS ASKING PUBLIC FOR COMMENTS ON NEW ENGLAND GUIDE

If you are a hiker, camper, snowmobiler, skier, bird watcher, photographer, resort owner, logger, live in a town inside or near the National Forests, or just like to look at beautiful scenery, you should be interested in reading and commenting on the Draft Guide for the New England Forests.

The National Forests of New England are important to many people. These forests provide recreation, resources, income and draw thousands of visitors to the New England area. They are the largest area of public land in the Northeast providing unique opportunities for the recreational coming from the Eastern metropolises.

The Forest Service encourages everyone, no matter what their occupation or where they live, to make their ideas and opinions known concerning the New England National Forests. The New England Guide is the first step in a three-part planning process to assess the role that the Green Mountain National Forest in Vermont and the White Mountain National Forest in New Hampshire and Maine will play in the future of New England. The Guide will set broad management policies for all uses of the National Forest including timber harvesting, recreation, water, wildlife, aesthetics, environmental protection and others.

The comment booklet to the Guide allows the reader to comment on any portion of the Guide that he is interested in. This comment will be entered into a computer so that each respondent's thoughts will be taken into account when final decisions are made.

For a copy of the Guide, write to: Area Guide Task Force, White Mountain National Forest, P. O. Box 60, 100 Main Street, Lebanon, N. H. 03755.

Comments must be received on or before March 10, 1973.

TELSTAR "B" SKI CHAMPIONS

continued from Page One
Livermore's Pete Merriam finished second with 141.2 points.

Telstar's Kevin Trinward was named skimeister in a tight battle with Livermore's Peter Merriam as Trinward came up with 333.301 points to Merriam's 333.234.

Many observers thought Telstar to be too young for championship honors but the strong contingent of freshmen and sophomores proved to be strong enough to handle veteran clubs. Along with seniors Trinward, Dana Haley and Evil Henley; junior Mike Stecher, sophomores Lee Brown, Doug Brooks and Pete Thurston, and freshmen Eric Dombkowski, Barry Carver, Tom Stecher, Den Farrow, and Ricky Mills all turned in outstanding performances for the winners during the week end events.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

Voters at town meeting made no changes in the recommendations of the Budget Committee. Local costs for 1973, excluding school costs, will be \$1862 higher than 1972.

\$51,500 was appropriated from the Federal Revenue Sharing Fund to pay debts, purchase fire equipment and to subsidize road and dump accounts. \$30,000 was again appropriated from surplus.

Bids are being requested for a new pickup truck for the highway department.

We are still receiving inquiries as to what the position of Sewage Disposal Systems Operator entails. To date, six people have submitted applications. Others have indicated they will apply prior to the March 12 deadline.

Grant Funds for the Sewage System have been very slow in coming. The Federal Funds are not being sent the way we were told to expect. Our project was funded in 1972 so the cutbacks recently announced do not affect the money we are to receive.

S. A. D. 44 DIRECTORS ORGANIZE FOR YEAR AT TUESDAY MEETING

The board of directors of S. A. D. 44 met in regular session in the Lecture Hall at Telstar Regional High School on Tuesday evening. As this was the first meeting following the annual elections, members elected (or re-elected) received their oath of office.

Members re-elected were: Leon Akers, Andover; John K. Brown, Clarence Remington, Bethel; and M. Parker Allen of Woodstock. Members elected this year were John C. Anderson of Bethel and Gilbert Dunham of Greenwood. Mr. Anderson was not present Tuesday evening to be sworn in, because he failed to receive notification of his election to the panel. He received his oath of office on Wednesday at the office of the superintendent of schools, Basil E. Kinney.

Mr. Kinney opened the meeting and called for nominations for chairman for the coming year. A unanimous vote elected John K. Brown of Bethel as chairman. Mr. Brown was chairman of the board in 1971, and served as vice chairman in 1970 and last year.

The chairman then asked for nominations for vice chairman. Miss Margaret J. Tibbets was the unanimous choice for the position. Elected to the board from Bethel in 1972, she served on the personnel and curriculum committees, and is co-ordinator of voluntary services.

The directors sanctioned the use of district buses by the Junior High Student Council for a trip to Fenway Park, Boston, on Sunday, June 3. Peter Brown, Jr. High Student Council advisor, said the Council would be responsible for the gas and oil consumed on the trip.

The chairman appointed Parker Allen, Milton Mills, Woodstock; and Leon Akers, Andover, to serve continued on Page Eight

HISTORICAL SOCIETY MET LAST THURSDAY

Members of the Bethel Historical Society enjoyed a social meeting preceded by business last Thursday, March 1.

Much merriment attended the appearance of several members in various old fashioned clothes. Ted Grover made his entrance bearing an impressive musket, which was made in 1813, the same year Dr. Moses Mason started building his house, which will become the home and museum of the Bethel Historical Society this summer.

The Carroll Valentines were formally garbed in old time evening attire, and in great contrast, Mrs. Marguerite Quinn, was modelling old time tucks and embroidered "unmentionables". Mrs. Floribel Haines had an early sailor collar and black bathing suit, sold by John Wannamaker of Philadelphia, Pa., and as covered up as modern versions are uncovered!

Vice President Barbara Merrill was very attractively costumed in continued on Page Four

DOLLARS FOR SCHOLARS VARIETY SHOW MARCH 23-24 AT TELSTAR AUDITORIUM

"This Land is Your Land—America" is the theme for a great variety show to be presented at Telstar Auditorium March 23 and 24 at 8 p. m. The two hour show promises a variety of acts slanted for every age level.

For the best in square dancing, you can tap along with the "Swinging Bears". If comedy is what you desire, the Shrine Clowns and Jolly Jesters will be at their best. Singing? There's plenty of it... and all different types... Folk singing to a generous chorus performance... if country music is all YOU want to listen to, the variety show has some of that, also. Comedy, songs, dance routines... you name it and you'll see it.

Advance tickets will be available throughout S. A. D. 44 at popular locales for your convenience, to benefit Dollars for Scholars, a most worthy fund.

In case you have any questions about the upcoming show full of many surprises, the following make up committees: chairman, Eldon Greenleaf; show director, Dana Douglass; chorus directors, Nesta Littlefield and Doris Lord; stage director, Joseph Smallwood; tickets, Annie Roenbergs; publicity, Sandra Dunham.

BETHEL VOTERS ELECT OFFICERS — APPROPRIATE \$226,393 ON MONDAY

Two hundred and seventy-seven out of 1,576 eligible voters, about 17½%, cast ballots in the annual Bethel municipal election on Monday of this week at the fire station. Less than 50 attended the business portion of town meeting at the Telstar Auditorium in the evening.

In the daytime voting, Bradley R. Barker, received 234 votes for the two year term as selectman, followed by Dana Bean with 25 votes and S. Ross Timberlake with 10. For the two year vacancy on the board of assessors, Barker received 234 votes, Bean 24 and Timberlake 12.

In the contest for the one year term on the S. A. D. 44 board of directors John C. Anderson received 221 votes, and Brian Stowell, 50.

Running unopposed for re-election as selectman for three years, Samuel Timberlake received 262 votes; and as assessor 261 votes. As unopposed candidates for re-election as members of the S. A. D. 44 board of directors for three years, John K. Brown received 245 votes, and Clarence Remington 225. Fire Ward Robert L. Davis received 268 votes in his unopposed bid for re-election.

In the evening session at Telstar, the small turn-out of voters approved a total of \$226,393 for municipal expenditures in calendar year 1973. This amount is reduced by an amount of \$30,000 to be taken from surplus, and \$51,500 from Federal Revenue Sharing, leaving a net amount of \$144,893. To this must be added a calendar year 1973 assessment of \$338,621.69 for S. A. D. 44 for a total of \$503,514.69.

The recommendations of the budget committee were followed by the voters. An attempt to reduce the amount for Shade Trees to \$1,000 was defeated and the recommended amount of \$2,000 was approved. A question was also raised concerning the enforcement of the local dog ordinance by the police officer.

An amount of \$500 was approved for the support of a Junior Baseball program; and \$3,380 for Dry Hydrants and Air Packs for the Fire Department. Either because no funds were requested or no recommendations for funds were forthcoming from the budget committee, the sidewalk, skating rink, airport and Chamber of Commerce accounts received no appropriation this year.

The voters discontinued the practice of offering a discount on taxes paid in full before Sept. 1.

The voters accepted a gift of \$300 from the Trustees of Gould Academy to be applied to the Hydrant Rental account.

Dexter M. Stowell served as moderator of the two hour session.

In a meeting following the annual business session, Leland Brown was chosen as chairman of the board of directors after 13 persons had declined nomination.

GREENWOOD CITY

— Mrs. Collista Morgan, Corres. —

February has thinned away to March, days have lengthened, and the nights remain cold and bright with winter stars. There are signs of spring, felt rather than seen. The sun has a different feeling as it climbs to a noonday brightness which is now clear of the higher branches of our trees. A real sense of life is in the air.

As I look toward the sunlight and over the snow of purest white I especially notice the blue of the shadows as they vary with the light. The vast and shining floor on the pond beyond is not without interest; as I took my snowshoes and started out.

Early morning, the thermometer registered a minus eight degrees with the windows glazed in frost and fern and hill pictures. Later as the sun cleared the trees and shone up on them they became glowing crystals.

There was a tingle in the air but I faced north then west to follow for a time the snowmobile trail toward the Whitman farm. This time I went to the field near the house.

As the song goes "a partridge in the pear tree", this time he was in the apple tree. No doubt he had eaten an apple for his breakfast. At my approach he whirled toward the woodlot.

In the light snow beneath the tree I faced north then west to follow for a time the snowmobile trail toward the Whitman farm. This time I went to the field near the house.

After a visit here, I turned back and down the pond I then crossed through the swamp. The snowhatch had been here for he had poked into the crevices of a tree in his upside-down fashion for there were bits of bark on the snow.

I listened to the trees crack and pop occasionally. They had a right to do so after the cold of the night. But I thought, "Why is that old bird's nest popping too? Is it chattering with cold?"

Glimping down in front of me there was a clue: tiny, lacy footprints. They ran in lines over the snow, with a drag mark of a slender tail, the white footed mouse. Evidently he had borrowed the nest and remodeled it for a winter home.

I crossed the Sanborn River and headed for the "Point" where I often fish in summer. I had decided to go to the top of the ledge in back of Big Pond. It was too steep to climb directly so I entered the forest at the "Point."

Just across from here I had recently discovered a Baltimore Oriole nest. It was suspended from a few slender twigs, but lower

then met that I have seen. String was visible in the weaving. My string I'm sure, which I put out and watched the female take last spring. I even photographed her from the basement door. Of course the nest contained bits of plant fibers, and shreds of bark, too. Isn't it marvelous that such a structure can be made with only a beak?

Turning right, into the woods I saw several red squirrels. This must be Squirrel Year! I have six at home. It is their mixture of good and bad that makes them interesting. They are a nuisance in the feeders but when I sit on the steps with a box of seeds in my lap they are most interesting to watch. One will climb the steps teeming all the while at the others then at me if I don't put seeds down for him. If I don't then he climbs to my lap, sits on my knee as long as I am still. A motion will send him on his way but back he comes for another try.

One evening I heard a thump on the window feeder and I looked into the big eyes of a flying squirrel; having an evening meal. The eyes of the entire squirrel family are adapted for survival. They have so many enemies that they must keep watch in all directions. These here at the "Point" were on guard and

they were telling me that I wasn't welcome. I intruded anyway. The light changed, the silence grew, as I followed a brook back into the woodland. This was my new found brook and in one place a spring had welled up through the whiteness in a vein of moving water.

I thought of a paragraph which one of my pupils wrote when starting grade seven, about six or seven years ago . . . "It was by luck that I found it, a small brook gurgling along its obstinate way, stopped by nothing. In places it was almost hidden by a cargo of golden,

red and brown leaves. This brook lost in September was enjoying its last freedom before being frozen in December."

I crossed it back in a valley and 'hoed on, to the ledge. The hemlocks and firs grew thick near the top so I had to bend to get beneath the branches. On arriving I could look down on the glories of nature . . . all of them free; a bounteous supply from the sparkle of diamonds to the blue of the sky.

Only one other time had I ever been here, so I looked awhile. The chickadees were enjoying it

for they were calling like school children.

I crossed the top and came down the other side. It was rather steep but easy.

As I came to the pond again, someone in a red wool coat and hat brilliant and cheerful against the white was fishing for pickerel through the ice.

So "up March hill" we go to quote an old phrase; as true today as when first spoken, and may it be happy climbing!

TELSTAR R. H. S. NEWS

GUIDANCE NEWS—

The following Telstar seniors have been accepted at college for the coming year:

Cheryl Cayer: U. of M., Orono; Landscape and Nursery Management.

Peter Farrington: S. M. V. T. I., Portland; Automotive Technology.

Cathy Howe: U. of M., Portland-Gorham; Liberal Arts.

Jill Hutchins: U. of M., Portland-Gorham; Social Welfare.

Our Junior High Student Council trip is going as scheduled. — Carolyn Cousins, Council Secretary.

A recent Telstar graduate, William W. Brooke, has been placed on the Dean's List for the current semester of this school year at Wentworth Institute in Boston.

Stage Band IS Active

This Saturday, March 10, Telstar's one and only stage band will be traveling to Winthrop for some competitive excitement.

Stage Bands all over the state of Maine will also be traveling to Winthrop for the annual Stage Band Competition. In the competition all the Stage Bands are divided into B bands and A bands. Telstar's stage band will compete with the B bands. Usually A bands are the stage bands with more years of experience. Each band is judged by a group of very knowledgeable musicians, so each band knows that it is being fairly judged (music wise). The band with the best ability is chosen as the competition No. 1 Stage Band, in both A and B groups. We hope to do well Saturday, but even if we don't make the top it will be a lot of fun and a good experience. — Betsy Davis, music publicity.

GOULD VARSITIES END SKI SEASON

With the completion of the New England Championships and make-up portions of earlier meets, the Gould Academy boys' and girls' ski teams recently concluded another creditable team season.

For the girls, who were undefeated in Maine alpine competition, team highlights were the Northern New England Championship title in Alpine events, and long-sought victory in the State of Maine Class A state meet. In addition, the girls won by a wide margin in the annual Maine Prep Championships. The girls' nordic team, in only its second season was runner-up in the Northern New England cross country relay event, and finished behind Kents Hill School in the Maine Prep cross country team championship.

Ending their careers as regulars on the girls' varsity are Captain Cindy Kailey, Maine Prep Skimester Kristen Wiese, and Debbie Butler in the Alpine events, and Nordic racer Anne Moystad.

In boys' skiing, the Gould varsity kept in the thick of things throughout the season. Led by Captain Dan Baxter, the team placed second in the annual Rumford Carnival and third in the State of Maine Class A Championships below perennial powerhouses Rumford and Edward Little.

SONGO POND

— Mrs. Ralph Kimball, Corres. — State highway crews have been cutting and cleaning up several of the big dead trees along Songo Pond.

Mrs. Ralph Kimball and Mrs. Allen Swan were supper guests Friday of the Henry Swans in East Bethel.

Mrs. Ralph Kimball with Mrs. David Salway went with Mrs. Herbert Adams to Lewiston Saturday morning on business.

Mr. and Mrs. Donald James are being congratulated on the birth of their baby girl. The little Miss was named Alicia Mae. Mrs. James and baby came home from Stephens Memorial Hospital on Wednesday.

Mr. and Mrs. Howard Lapham and Timmie visited with the Jack Greig's in West Paris Sunday.

Mr. and Mrs. Jesse Doyen with Mrs. Ralph Kimball visited Mrs. Maude Kimball in Norway Tuesday afternoon.

Mrs. Ethel K. Bean visited her mother and sister Tuesday evening.

CUB SCOUT NEWS

We're going sliding! That's right. On Sunday, Mar. 11, we'll spend the afternoon sliding on a hill between Rumford Point and Rumford Center (just beyond the Wild Animal Park). We will have a caravan of cars leaving the IGA parking lot at 1:30. The sliding party is planned for 2 to 4 o'clock and you're requested to bring toboggans, flying saucers, slide a boggans, or anything that can be used to slide on. Remember, this outing is a total family affair!

Hot chocolate will be supplied but it would be helpful if parents could bring Coleman stoves and some pots to heat the water. We sure hope that you can make it.

CO-OP CORNER

by Suzi Redman

Ann Rolfe is a Co-op secretary at Newton-Tebbets dower mill in West Bethel. She has been working there for about two months under the supervision of Mrs. Edda Carver and Charles Keoskie.

Among Ann's duties are, making out packing slips and bills of lading for shipments being made, statements at the end of the month, and acknowledgements. She types, takes some dictation, and answers the telephone.

Ann took this job because it is related to the profession she wants full time. She has been accepted at Thomas College in Waterville, for a two year program in becoming an executive secretary and to earn her ABS degree.

She previously worked at Fred's Restaurant as a waitress for two years.

At Telstar's Winter Carnival, Ann was crowned Carnival Queen by popular student vote, along with the king, Glen Carver.

Ann moved to Bethel before her sophomore year, from Gorham, N. H. She was on Telstar's basketball team her first year here, then became a cheerleader. This year she is co-head cheerleader. She also takes part in the Varsity Rebels, Outing and Pep Clubs, and Chorus.

Last winter she was one of the Chorus members chosen to take part in the Western Maine Singing Festival. Participants practiced the greater part of the day, then presented a concert at night.

Ann also was chosen to attend Girls' State last summer.

She has won typing, shorthand, and French awards at school.

Among her hobbies Ann names sking, sewing and knitting, painting, and pottery, playing folk guitar, and Peter Blake.

Ann can be seen making her acting debut this week end in a Senior "Class production of "Grandad Goes Wild." She will be portraying "Betty."

She has one brother, one sister, and lives with her parents. Mr. and Mrs. Lawrence Davis (A&P) of Bethel.

Lana Nevel, a Junior, participated in the Nurses Aide Training program at the Rumford Community Hospital.

She wants to help people. On the job Lana liked meeting and talking with the patients. She found that drawing them out, getting them to talk about their families and ambitions was an important part of the job, besides the classroom aspect of nursing. One of the most memorable things that happened to her while on the job, was that she met a man whom she felt was ignored. He was paranoid and depressed, and it seemed to help when she took an interest in him.

Lana does not plan to work for the remainder of this school year, but she thinks that she will next year. After the graduates she wants to go on to nursing school to become a pediatric nurse.

Lana is undecided about a job this summer. If she doesn't work as a nurse's aide, she will probably work for her father as she has done for the past five years. Lana's father, Paul Nevel, owns sporting camp on Na'makanta Lake where she has previously been a waitress and chambermaid during the summer.

Her family used to have a team of Huskies which they bred and sold, but because of the sporting camp, had to give up. All but one, that is Lana's pet, named Sauak.

She has three brothers and lives in Andover with her parents, Mr. and Mrs. Paul Nevel.

Lana enjoys sking, snowmobiling, horseback riding, and in general, just having fun. She spends a lot of time listening to music. One of her favorite groups is Crosby, Stills, Nash, and Young.

NEWRY

— Miss Amy E. Henscom, Cor. —

Mr. and Mrs. Albert Flanders spent Friday and Saturday with Mr. and Mrs. Walter Enman and family in Otisfield after spending two months in Florida. They returned to their home here, Sunday.

Roger Henscom was in Rumford Friday for x-rays.

William Brooke, Wentworth Institute, Boston, and Mr. and Mrs. Ralph Bowie, Portland, spent the week end with Mr. and Mrs. Owen Wight.

Recent callers of Mrs. Ida Wight included Mrs. Katherine Wight and Larry Enman, Errol, N. H., Mrs. Bertha Thurston, Mrs. Claire Smith and Mr. and Mrs. Carroll Valentine, all of Bethel.

Mr. and Mrs. Clifford Lane, Errol, were dinner guests of Mrs. Ida Wight, Friday.

Roberta Saunders, Bethel, spent the week end with her grandmother Mrs. Eleanor Morton.

Mr. and Mrs. Arthur Cummings, Bethel, called at the Morton home Sunday.

Newry Mothers Club will be held Monday evening, March 12, at Mrs. Barbara Yates.

Mr. and Mrs. Roy Tripp were dinner guests Sunday of Mr. and Mrs. Peter Baker and daughters, Hanover.

CARD OF APPRECIATION

Just plain thanks to all the good people, wherever you are, who showed interest in my progress while a patient at C. M. G. for the removal of a polypoid lesion. It was examined and studied in the laboratory under a microscope and I was declared cured. It was a cancer. I urge you all to undergo cancer detection tests and to heed the early warning signs. Most of them are operable and curable in the early stages. Once again, thanks to you all.

EVERGREEN VALLEY HOLDS
OFFICIAL OPENING
LAST SATURDAY

The Honorable Kenneth M. Currier, Governor of Maine, was on hand, Saturday, Mar. 3, when Evergreen Valley celebrated its official opening as a year-round recreational area. The public was cordially invited to attend.

Events on the agenda included groundbreaking ceremonies for a new bed and breakfast. Also featured during the day were demonstrations by Evergreen staff members of the techniques in downhill and cross country skiing, ski patrol safety and snow grooming. There was a special ice skating in the afternoon by the Skating Club of Boston, featuring the 1973 New England Gold Dance Champions and the current Eastern Pair champions.

The Saturday night buffet was an appreciation Banquet thanking those people who have worked so hard to make Evergreen Valley the success it is.

There was a 20-person torch light parade after the usual Saturday night skiing to climax the event.

Planned as a year-round recreational area, Evergreen Valley will eventually include tennis facilities (covered for year round use); a marina on Kezar Lake; additional trials, and 25 condominiums. Plans are also underway for an 18-hole Robert Trent Jones golf course, a riding stable, and extensive riding facilities.

AT OFFICIAL OPENING OF EVERGREEN VALLEY. — Left to right: Robert B. Friedlander, Philip Ruppel, William Callahan, Directors; Maine Governor Kenneth M. Currier.

The management of Evergreen has already become actively involved in area conservation and ecology efforts. A tertiary sewage treatment plant, the most sophisticated in the Northeast, is already in operation. In addition, active cooperation is planned with the U. S. Forest Service to extend cross country skiing and touring trails, and other ways to best make the area available to the public.

Evergreen Valley is between Stoneham and North Lovell

NEW SOCIAL SECURITY LAW
INCLUDES SPECIAL
MINIMUM BENEFIT

About 150,000 retired workers and their families will get higher social security payments starting in 1973 under a special minimum benefit provision of the new social security law, according to John M. Beale, social security district manager in Lewiston.

People who worked over 20 years in jobs covered by social security, but had relatively low annual earnings, may be helped by the special minimum provision, Beale said. We look for quite a few of these in our part of Maine, where many of our retirees worked for very modest wages, especially in years gone by. The present minimum retirement benefits, taken at ages 65 or later, is \$4.50 a month.

The special minimum benefit ranges up to \$170 a month for workers who retire at 65 with 30 or more years of coverage under social security, he said. A couple can get up to \$255. Benefits for people who apply before 65 will be reduced because the benefits will be paid for a longer time.

The new provision is effective January 1973.

FARMER'S TAX GUIDE

AVAILABLE FREE, IRS SAYS

The 1973 edition of the "Farmer's Tax Guide" is now available from county agricultural agents or the Internal Revenue Service, Whitney L. Wheeler, IRS District Director for Maine has announced.

The booklet, IRS publication 221, shows farmers how to fill out the 1040 tax return and which supporting schedules must be attached. The publication also includes a listing of important Federal tax dates for farmers.

Written in easy-to-understand language, the tax guide contains many examples of how farm transactions are reported for Federal income tax purposes.

Although primarily written to help farmers prepare their 1973 tax return, the guide serves as a useful reference throughout the year.

CONSUMERS'
CORNER

Knits no longer have the exclusive rights to move with the body stretch comfort. Now, thanks to the two-way textured polyester yarns, there is a woven fabric that can "give" with the body and that will recover its shape permanently.

Two-way texturing is a fabric process in which 100 percent polyester yarns are permanently crumpled or twisted into a coil shape. When these yarns are woven into a fabric, the finished product stretches and gives. The easy care freedom of the textured polyester is great for active apparel. Garments can be bulky without weight, lustrous and drapable.

Men's wear can make use of the crisp hand, women's and children's wear can profit from the soft suppleness of these woven fabrics. Stretch recovery is permanent. In addition, two-way texturing gives all the aesthetic appeal of knits.

Time and caution — although the textured woven fabric looks like a knit — the seams will ravel, so seams should be finished.

WCBB CIRCUS BID BUG AUCTION
TO BE HELD IN EARLY JUNE

WCBB Channel 10 is planning now for the WCBB Circus Bid-Bug Auction. This exciting fund raising event that involves people from all the communities in southern and central Maine will be presented in early June.

Channel 10 in a non-commercial, public television station and therefore is dependent on public and private support. This year, WCBB hopes to raise one-quarter of its total operating budget during Auction Week.

Volunteer Go-Getters will soon begin to canvass local areas, asking for tax-deductible merchandise and services that will be sold during the live television production. Local citizens, acting as auctioneers, will describe the hundreds of items to the viewing audience who may call in their bids. The highest bidder purchases the item that he has won and thereby adds to Channel 10's funds.

Anyone who would like to be part of the Circus Bid-Bug Auction as a donor or volunteer should contact WCBB Auction, Box 950, Lewiston, Maine 04240.

REFUND DELAYS POSSIBLE
IF REVENUE SHARING
QUESTIONS UNANSWERED

Taxpayers who fail to answer the Revenue Sharing questions on Form 1010 and 1040A may experience refund delays, Whitney L. Wheeler, District Director of Internal Revenue for Maine, has stated.

Mr. Wheeler said that extra processing time may be required for those tax returns which contain no Revenue Sharing information or incomplete data.

In order for the Federal Government to distribute Revenue Sharing funds properly to states, counties, townships, and municipalities, it must know how many people live in each location, Mr. Wheeler said.

The Congress determined that a good way to obtain this much-needed information, Mr. Wheeler said, was to ask Revenue Sharing questions on the 1972 individual income tax returns.

Mr. Wheeler, stressed, however, that accurate information supplied by taxpayers is important to insure that all areas in Maine receive their fair share of Federal funds.

Since the first Revenue Sharing checks were issued last December, Maine and its local communities have received 30 million dollars in Revenue Sharing monies, according to Mr. Wheeler.

Mr. Wheeler reminded taxpayers that the law provides a \$5 penalty for failure to answer the Revenue Sharing questions, unless due to reasonable cause.

Taxpayers should contact their county or local government if they need specific information as to the governmental units in which they reside, Mr. Wheeler said.

IN AND ABOUT BETHEL

Misses Barbara Betts and Rebecca Brown, Farmington, were Monday evening guests of Mr. and Mrs. Edwin Brown.

Mr. and Mrs. Irving Brown and Robert were week end guests of their daughter, Miss Carol Sue Brown, Brewer.

Mrs. Holmes Gould, Lovell, has returned home after spending a few days with her daughter and family, Mr. and Mrs. Frank Packard.

Miss Rachel Keniston, Newport, and Miss Rebecca Keniston, Boston, were week end guests of their parents, Mr. and Mrs. Robert Keniston.

Doug Brooks, son of Mr. and Mrs. Donald Brooks, is a patient at Maine Medical Center, Portland, the result of a skiing accident on Tuesday of last week.

Sunday guests of Mr. and Mrs. Richard Davis and Cathy were their daughter and family, Mr. and Mrs. Michael Hathaway, Brian and Brenda, Madison, N. H.

Robin Hutchins of Bangor has been visiting her grandparents, Mr. and Mrs. Jim Hutchins. On Saturday, she visited her great-grandparents, Mr. and Mrs. James Hutchins Sr., in Bucksport.

Miss Nancy Lincoln underwent facial surgery on Monday at Mary Hitchcock Memorial Hospital, Hanover, N. H., where she had been a patient following a snowmobile accident on Sunday, Feb. 25. She expects to return home the latter part of this week.

Mark L. Hutchins was one of 343 U. of M. students at Orono who completed requirements for degrees during the 1972-73 fall semester. These students may participate in the June commencement exercises as no mid year graduation ceremonies were held.

Several members of the Palace Flop House and Grill went to Evergreen Valley on Saturday night. Sally and Dick Coulter, Dick Penley, Nancy Bane, Bobby McLean and John Longley were met by Bill and Linda Wade of Bethel. The group also saw other Bethel friends, Ray Starr, manager of the Sunday River Skiway and Theron Clough who is associated with Evergreen. All agreed the facilities were quite impressive and hoped to return for a night swim or sauna. Lt. Richard Coulter was promoted last week to the rank of Captain in the Air Force. All wished him well in his assignment at L. G. Hancock Field, Mass. On Sunday afternoon Linda Wade's birthday was observed with song.

LEGION AUXILIARY TO HAVE

EAST SUMMER WOMAN NAMED MAINE'S "MOTHER OF YEAR"

She is 54 years old, a registered nurse, an active member of the group, the Christian Civic League of Maine, associate member of the Governor's Highway Safety Council, a member of the Bible Society of Maine, 421 Club worker, teacher of Red Cross Home Nursing, the mother of six children and — she is Maine's 1973 Mother of the Year. This is only a partial list of the accomplishments and activities of Mrs. Lillian U. Jenkins Abbott, East Sumner.

Mrs. Abbott's husband, Sidney, a farmer and carpenter, operates Arcadia Farms. The Abbott children range in age from 16 to 29 years and in occupations from student to teacher. Stuart Abbott, 16, is a student at Christian Academy, Glen Cove; Faith Abbott, 18, is an Auburn bank employee; Jeanne, 21, student at Bob Jones University, Greenville, S. C.; Mrs. Nelda Back, 25, Lebanon, Pa., homemaker; Celeste Abbott, 27, Buckfield, aircraft mechanic; and Mrs. Susan Tripp, 29, Norway, teacher.

A graduate nurse with a college degree, Mrs. Abbott will be honored by the Maine Mother's Committee at a Blaine House silver tea on April 11, to be hosted by Mrs. Kenneth Curtis.

At this annual awards day, she will be presented with the mother's pin. Mrs. Abbott will be available for speaking engagements throughout the state. The week of May 6 Mrs. Abbott will travel to Denver, Colo., where all 1973 Mothers of the Year from the United States and Puerto Rico will convene for the selection of the National Mother.

She will participate in the National Awards Week Activities, culminating in the Prayer Pilgrimage, May 11, at which time the American Mothers' Committee will dedicate a Chapel of All Faiths and Races, honoring Mothers around the world. This will be on a tract of land outside the Garden of the Gods in Colorado.

Mrs. Abbott is a native of Upton, a graduate of Gould Academy, the Central Maine General School of Nursing, Lewiston, and received her B. S. degree from the University of Maine, Portland-Gorham.

Mrs. Abbott is employed as clerk in charge of the local post office, a branch of the Buckfield post office, and is part time receptionist for a local doctor.

A member of the Congregational Church, she was instrumental in forming the "New Friends" program giving a week's program to inner city children.

MEASLES DANGER INCREASES IN MAINE

As the threat of measles decreases in the rest of the country, the danger of measles increases in Maine. "The peak of the measles season for Maine is somewhat later than for the rest of the country," says David P. Knorowski, Director of the Immunization Program for Maine's Department of Health and Welfare. "The Maine measles season tends to run from April to June, with May being the peak month."

"Communities throughout Maine are giving measles immunization priority in the Spring immunization efforts," Knorowski says. "March appears to be the month for a concentrated measles immunization effort."

Knorowski strongly urges parents to review their children's immunization records. If there is any doubt as to a child's need for one or both immunizations, parents should contact their physician.

Immunization against one type of measles offers absolutely no protection against the other. However, a new "two in one" vaccine is available which is expected to give lifetime immunity against both types of measles.

"The worth of the measles vaccine is demonstrated by the drastic reduction in reported cases," he says. In the peak pre-vaccine year of 1932, 11,171 measles cases were reported. The post-vaccine year saw a low of 19 cases reported.

Cases have been increasing since, with 255 reported in 1972. Although only 9 cases have been reported this year, Knorowski is keeping a cautious eye to New Hampshire where they had more measles last year than over the previous six years combined. "The threat of measles spreading from New Hampshire to Maine is very real," he says.

Rubella, or red measles, can be a very serious childhood disease. Complications may result in pneumonia, hearing disorders, brain damage or even death. From 1960 through 1971 there were 18 reported measles deaths, over half in children under five years old.

Rubella, or German measles, is most often a rather mild childhood disease, but serious danger may occur if it infects a pregnant woman. The woman may not be very sick, but the unborn child may be crippled with defects of the heart or eyes. Brain damage leading to retardation may also result from Rubella.

CAPT. DOUGLASS ASSISTS IN OPERATION "HOMECOMING"

U. S. Air Force Captain Cheryl A. Douglass, daughter of Mr. and Mrs. Dana C. Douglass Jr. of Bethel, has assisted in the return of American prisoners of war from North and South Vietnam by providing support for the hospital staff receiving the returnees at Clark Air Base, Philippines.

Captain Douglass is a flight nurse with the 9th Aeromedical Evacuation Group at Clark—which was designated by the Department of Defense as a joint reception center for the "homecoming" operation.

The captain's group has long been involved in combat aeromedical evacuation of casualties from Southeast Asia. Since Jan. 25, when President Richard M. Nixon announced the ceasefire, the group's members have prepared for the long-awaited flights to freedom for the prisoners.

Captain Douglass, a 1962 graduate of Gould Academy, received her A. S. degree in 1965 from Lasell Junior College, Auburndale, Mass., and her B. S. degree in 1967 from Boston College, Chestnut Hill, Mass.

RUMFORD COM. HOSPITAL AUXILIARY MEETS MARCH 13

The Rumford Community Hospital Auxiliary will meet on Tuesday, March 13, at 2:00 p. m. in the hospital board room as announced by Mrs. Norman Jensen, president.

The main agenda item will be a budget report from the liaison committee on expenditures for the coming year.

Following the meeting, auxiliary members will have a guided tour of the hospital to see some of the equipment they have donated over the past few years. Hospital personnel will be on hand to explain and demonstrate.

on the finance committee. Mr. Allen will serve as chairman.

Appointed to the personnel committee were Edith Jeannine Fleet, Newry; Parker Allen, Woodstock; George Chase, Eddie Snyder, Andover; Dan Manson, Clarence Remington, Bethel, and Raymond W. Seames of Greenwood. This committee will choose its own chairman. Mr. Timney requested a meeting of the personnel committee in the Conference Room at Telstar, on Tuesday evening, March 13, at 7:30.

Other committee appointments will be announced within the next two weeks.

Following a discussion of the Assessment Self-Evaluation of Kindergarten-Grade 6, it was agreed that Edward Flynn, co-ordinator of the Self-Evaluation program, would appear at each regular board meeting to provide interim progress reports.

The board authorized the temporary borrowing of \$90,000 for current operating expenses from the Casco Bank and Trust Co. at an interest rate of 2.7%, due on or before June 30, 1973.

The board approved the nomination of Mrs. Edith Eypner as elementary music supervisor for the 1973-74 school year, with the added responsibility of the elementary band. Also approved were assignments of Junior-Senior High Band, and Chorus, for Glenn Bangs, Telstar music instructor, for the 1973-74 academic year. Miss Kathryn Dunham was approved as coach of girls' track at Telstar for the current school year.

Members of the board signed the assessment warrants to the member towns of the district. The first payments are due from the towns on March 31.

The next regular meeting of the S. A. D. 44 board will be held on Monday evening, March 19, at 7:30 in the Lecture Hall, Telstar Regional High School.

Anyone interested in learning more about the auxiliary is invited to attend.

MUSIC BOOSTER NOTES

Last Thursday evening, the Telstar Stage Band invited the Music Boosters to hear some of the pieces that were to be performed in Winthrop, March 3. This competition included high school stage bands with similar background and experience.

On Thursday, March 8, Old Orchard Beach will be here to play with the Telstar stage band. Any persons holding a membership card or anyone interested in joining the Music Boosters is welcome to attend. The jam session begins at 7:00 in the Music Room at Telstar.

After enjoying the stage band's music a business meeting was held. Plans are well underway in preparation for a music banquet honoring all Telstar music students. This will be the first time a music banquet will be given at Telstar. It is in hopes that this will be the beginning of an annual event, one which students can look forward to each Spring.

Soon the Music Boosters will be having a membership drive. This is one way, you, as parents of children involved in the music program throughout S. A. D. 44, can help enrich the program by purchasing a card. All profits are used solely for the music programs of the entire district.

Through the helpful guidance of Mrs. Edith Eypner and Glenn Bangs, we are better able to use the funds where they are needed most. Just recently the Music Boosters donated funds to help purchase instruments from Gould. This last fall we sponsored a trip to Portland for all sixth graders to see "Nutcracker Suite." Unfortunately a snowstorm cancelled the trip. The Music Boosters also sponsors the Bethel Community Chorus which is preparing for their second concert.

As funds are needed for such activities, and especially now in anticipation of the music banquet, your support is greatly needed in any projects we may plan in the near future. There are approximately 200 students involved in the music program

at Telstar. Help us make this memorable event for each of them.
